"A deceased Manzanita woman has left three highly adoptable, well-beloved, and exceptionally well cared for MANX CATS," CHRISTINE WATT of UNITED PAWS told the Ear. Pictured above left and right, are the two tiger-striped brothers, ROMULUS and REMUS. The third is a grey female, TIPPER, pictured, middle. They all need homes ASAP.

"All are big cats, short-haired, 4 to 5 years old, spayed/neutered, and can be indoor-outdoor in a safe area," Christine said. They are current on inoculations. To foster or adopt any of these cats, please contact United Paws at (503) 842-5663.

"They seem to be really cool, well-adjusted cats," Christine added.
